

ARCH TAPE

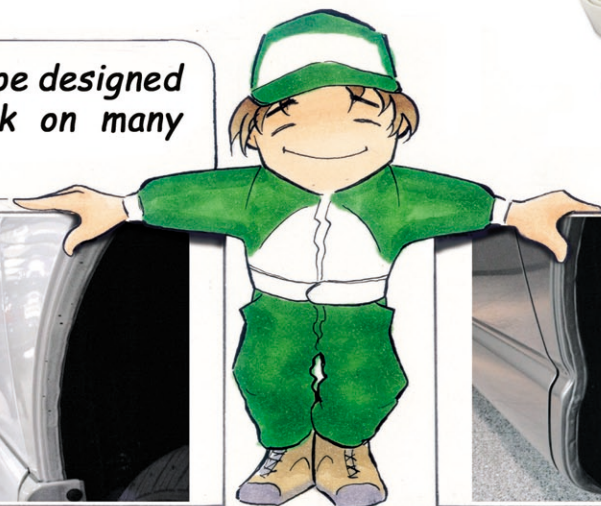

Different sizes are available now:

(width)	(thickness)	(length)
12mm	x 2mm	x 1 Meter
12mm	x 3mm	x 1 Meter

ARCHTAPE is unique tape designed to duplicate OEM look on many wheel house openings.

Instructions

1

Outer Panel
Inner Panel
Putty Application

After welding of outer panel, make application area flat and even with putty.

2

Surfacer and Primer

Apply surfacer and let it dry. Apply adhesion promoter primer.

3

ARCH TAPE

Wait for 5-10 minutes. Place ARCH TAPE with desired size. Press applied ARCH TAPE hard with Roller.

4

Sealer

Touch up with conventional sealer to finish as the ORIGINAL.
